milk_shake® light catcher spotlight **products** are formulated with high quality ingredients, **giving incredible touches of light to the hair.**

MILK PROTEINS AND AVOCADO OIL ARE THE PERFECT COMBINATION TO PLUMP UP THE HAIR AND PROTECT IT:

milk proteins

Detangling and conditioning, milk proteins help to avoid the stiffness caused by lightening products, improving the hair's appearance and structure.

avocado oil

Avocado oil and its vitamins are a natural restructuring ingredient for the hair, a real beauty elixir that makes the hair shiny and strong.
